January 1, 2023

Dear Patients:

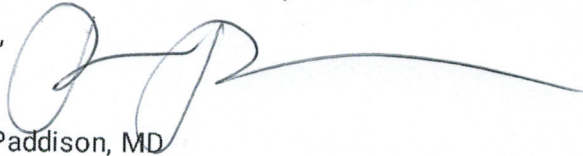

It is with mixed emotions that I am announcing my retirement from active practice, effective June 1, 2023. It has been a great pleasure providing for your health care needs over the years, and it is not easy for me to give it up.

Your insurance carrier can help you begin your search for a new provider by giving you the names of doctors in the area who are accepting new patients and that are contracted with your health plan. I have a list of providers who may be able to assist you (see list) or you may call your Primary care doctor for a referral. I will not be able to provide you any medical services after May 31, 2023.

Your medical records are confidential, and a copy can be transferred to another doctor or released to you or another person you designate only through your permission. You can sign an authorization form to release your files from my website drpaddison.com. Until then, your records will remain on file at my former office. Requests for records after June 1, 2023 can take up to 30 days to complete.

I have greatly valued our relationship and thank you for your loyalty and friendship over the years. Best wishes for your future health.

Sincerely,

Patricia Paddison, MD
